

# Indoor cabinets

## InD WB

### Description

The InD wall mounting box is the solution for installing 19IN rack system to the wall. The design is minimalist but provides tough protection and good-looking covers for Delta's CellD product family.

The InD WB offers three size options for 5U to 12U rack mounting spaces. The simplified construction enables the possibility to assemble the unit at final destination.

19 inch mounting for the equipment gives the possibility to configure modular scalable solution within the dimension limits. Build your own system.

### Main features

- Dimensions (H x W x D): max. 564 x 548 x 446 mm
- Door option
- Delivered in flat package
- IP 20 protection class

### Applications

- Network base stations
- Wireless applications
- Fixed line applications, data communications

*Our product portfolio includes both indoor and outdoor power systems building on extensive R&D, modular production and customization. Indoor power systems are categorized to CellD and CabD. The CellD indoor support cabinets are available in wall mounting and floor standing designs.*
